

TEWOBSTA SEYOUUM

UNDERGRADUATE COMPUTER PROGRAMMER

EDUCATION

Addis Ababa University, Addis Ababa, Ethiopia
Bachelor of Science in Computer Science
Expected Graduation: July 2026

Relevant Coursework:

- Data Structures and Algorithms
 - Object-Oriented Programming
 - Databases
 - Computer Architecture
 - Software Engineering
- GPA: 3.7/4.0

A2SV Community Education Program
Participant, February - September 2024

Python Certifications:

- Python Basics (Hacker Rank)
- Python Data Structures (Great Learning)

Other Certifications:

- Responsive Web Design Certification (Free Code Camp)
- Graphics Designing (Udemy)

SKILLS

Programming Languages:

- Python
- JavaScript
- Java
- SQL
- C++
- PHP

Frameworks and Libraries:

- React.js
- Laravel
- node.js

Development Tools:

- Git
- GitHub
- Visual Studio Code

Other Skills:

- Proficient in object-oriented programming concepts
- Graphics Designing
- Strong problem-solving and critical thinking abilities
- Comfortable working in collaborative, team-based environments

PROJECTS

• Notepad (Java Desktop App)

A simple desktop notepad application built with Java, featuring essential editing functions like open, save, and modify text. Includes a dark mode for improved usability.

• DartCare

A responsive and modern website developed for a medical tech company, using HTML, CSS, JavaScript, and PHP. Includes an interactive UI and a functional contact form.

• VocabMate

The backend for a vocabulary-learning platform built with PHP. Supports flashcards, deck creation, and quizzes, enabling efficient vocabulary practice and user engagement.

- 4-in-a-Row Game

A browser-based two-player 4-in-a-row game built with React. Features include win detection, dynamic rendering, and a clean, interactive user interface.

- MHRP

An awareness platform for the Massive Health Rabies Prevention (MHRP) initiative. Provides information on vaccination, disease prevention, and public health programs, using clear design and structured content.

- Forum App

A backend system for a forum application built with Laravel. Supports user authentication, and post management (create, edit, delete, list). Designed as a RESTful API for integration with frontend or mobile apps.

WORK EXPERIENCE

- Web Development & Graphics Design Intern

Dart Digital Technologies — Internship & Contract | [Addis Ababa, Ethiopia]
June 2024 – April 2025

- Developed and maintained responsive websites using HTML, CSS, JavaScript, and PHP
- Built interactive UI components and forms with real-time validation
- Designed visual assets and marketing materials or social media posts using Figma and Canva [[Sample](#)]
- Collaborated with cross-functional teams to implement features for client and internal projects
- Gained practical experience in UI/UX design, web performance optimization, and version control (Git)

THANK YOU FOR VISITING MY PORTFOLIO!
